MERCURY SINKS LOW.

Cattle Suffer on Western Ranges.
Heavy Losses in Some Parts of Nebraska.

Tight Packing of Snow Will
Protect Kansas Wheat.
Twenty-five Degrees Below Zero
at Alliance, Neb., and a
Blizzard Raging.

BY DIRECT WIRE TO THE TIMES.
CHICAGO, Jan. 26.—(Exclusive Dis-
patch.) Chicago and all of the
middle West shivered in the pierc-
ing, blighting winds of a howling
northwester tonight. Tomorrow
the city will be black and frigid.
The temperature of 19 deg. below
zero is predicted with the dawn, and
the weather men think he is consi-
derable. The severe cold which has been
dwelling for days in the Dakotas,
Montana and Northwestern States
finally has swept down upon Chi-
cago. In eighteen hours from 5 o'clock
in the morning to midnight, the mer-
cury took a tumble of approximately
35 deg., making the temperature below
the zero mark. With the severe cold
came a high wind from the northwest.
Chicago is not the only sufferer. All
through the Northwestern and Middle
West States, the cold is severe, caus-
ing intense suffering and big losses.
Reports from Kansas, Missouri, Ne-
braska, Oklahoma, Michigan and Wis-
consin tell of most deplorable con-
ditions. The weather for several days
has been the severest known to many
parts this winter. Cattle on the west-
ern ranges are suffering, and the losses
to their owners are expected to be un-
usually large. The loss of life also is
expected to be large, although no de-
finiteness of report on this score has been re-
ceived.

It was expected by Prof. Cox that
severe weather from the Northwest
would be met here by a heavy snow-
storm from the Southwest, but the lat-
ter was side-tracked before reaching
Chicago, and has turned into a steady
rain and sleet storm. At Little Rock,
Ark., a precipitation of snow has
amounted to more than a foot. A rain
has set in and melted it to a great ex-
tent. At Cairo, Ill., there also was a
heavy fall.

The cold spell will pass east from
here, and is expected to be severely
felt in New York and all along the At-
lantic Coast by Monday night. Trans-
portation is affected, and nearly all
trains arriving in Chicago from both
the East and the West were from one
to eight hours late.

KANSAS IS COLDER.
PACKED SNOW SAVES WHEAT.
BY THE NEW ASSOCIATED PRESS.—P.M.
TOPEKA (Kan.), Jan. 26.—The
weather throughout Kansas is many
degrees colder tonight. Clear, calm
and very cold is the condition over
the entire State, as ascertained by
reports received here tonight. Cattle on
the western range are suffering, and
much loss is likely to ensue unless the
situation improves. However, very lit-
tle wind accompanies the cold.
The coldest portion of the State to-
night is in the northern tier of counties,
where the mercury was
reading 10 deg. below zero.

In Ellis the mercury registers 3 deg.
below, with two inches of snow. In the
eastern portion of the State the
mercury is at zero, and the weather
men think it will be a hard day.
The snow which fell yesterday is
packed tight, and the wheat therefore
will be well protected.

They feel that they are entitled to membership in the family of States.

of the State, except the northwest
quarter, it was expected that the losses
among cattle in that district would be
enormous, but reports received from
several points in the cattle district af-
firm that actually no loss was sus-
tained.

Reports from the northwestern part
of the State are not so flattering,
while those from Kimball and Bonner
counties indicate that heavy losses
have occurred. Bonner, in the heart of
the cattle district, reports severe losses
in that vicinity. Bonner also reports
heavy losses. So far no loss of life has
been reported as a result of the storm.
A late report from Alliance says
that the thermometer dropped to 25
deg. below zero, with a variable bliz-
zard raging.

OKLAHOMA MUCH AFFECTED.
INDIAN TERRITORY'S DISTRESS.
BY THE NEW ASSOCIATED PRESS.—P.M.
GUTHRIE (Okla.), Jan. 26.—The cold
weather of the winter, with the
thermometer at zero all day, has re-
sulted in a howling north wind, covers all Okla-
homa. Possibly nowhere else in the
Southwest will its severity be so great.
There are large cattle interests in the
territory, and the loss of the winter
will suffer greatly, no matter what
provision has been made to protect
them. The wheat crop will also suffer
loss, as not enough snow has ac-
companied the blizzard to protect the
rank growth.

In the Indian Territory, principally in
the Creek Nation, where the wind-
blown are in desperate circumstances,
the conditions are very bad for under-
going the rigors of such weather.

COLD WAVE IN IDAHO.
BOISE WITHOUT ELECTRICITY.
BY THE NEW ASSOCIATED PRESS.—P.M.
BOISE (Idaho), Jan. 26.—The storm
that swept down on this section Fri-
day night brought a cold wave, which
dropped the temperature this morning
to a point lower than had been re-
ported in several years before, the re-
cord being 9 deg. below zero. The freeze
paralyzed the electric-light plant by
blockading with ice the canal from
which it derives its power. The city
is, therefore, without light, and the
newspapers and others relying upon
the company for power are badly
crippled.

OREGON BOY FROZEN.
DIED ON THE MOUNTAINS.
BY THE NEW ASSOCIATED PRESS.—P.M.
RAIL LAKE (Utah), Jan. 26.—A ap-
plication to the Tribune from Huntington,
Or., says that Grover F. Locke, aged 13
years, son of R. Locke, stockman and
broker of Huntington, was frozen to
death in the blizzard which struck this
vicinity last Friday evening.

The young man had started for his
father's ranch, twelve miles distant.
When near the summit of a range of
mountains his horse refused to go
further, and the boy was forced to
make the remaining distance on foot.
He had gone only a short distance
when he fell face downward in the
snow. His body was found in this po-
sition by searching parties this after-
noon.

FRIDAY'S FIERCE STORM.
DAMAGED NORTHERN TOWNS.

MORGAN'S BIG FIGHT.

His Committee is
for Nicaragua.
Consideration Will Be
Given Panama.

SENATOR FORESEES TROUBLE FROM
THE OLD STOCKHOLDERS.
OMNIBUS PUBLIC BUILDING MEAS-
URE—WU THREATENS TO
RESIGN—NOTES.

BY DIRECT WIRE TO THE TIMES.
WASHINGTON, Jan. 26.—(Exclusive
Dispatch.) The Senate Committee
on Intercommerce Canals will to-
morrow commence its consideration
of the Panama Canal route. Senator
Morgan, chairman of that committee,
has prepared a long statement setting
forth the reasons why, in his opinion,
the Panama company cannot deliver to
the United States complete title to its
canal. Mr. Morgan says in his state-
ment that he will argue to the commit-
tee that the Panama route on the part
of the United States only with the un-
derstanding that the French government
shall guarantee to this country that no
claim for an interest in the canal shall
ever be made by the old stockholders
in the original enterprise.

A member of the Canal Commission
said tonight that he thought that the
Panama proposition is rapidly
losing ground before Congress, and
that the Nicaragua route is gaining
correspondingly fast. At the time the
latest Panama offer was made, it had
great strength with the Senate, but
Senator Morgan's work against it has
had much better effect than a French
statement which said that a French
committee was in favor of repurchasing
the Panama Canal from the United States.
The committee has already passed the House.

OMNIBUS BUILDING BILL.
CHANCE FOR LOS ANGELES.
BY DIRECT WIRE TO THE TIMES.
WASHINGTON, Jan. 26.—(Exclusive
Dispatch.) It has been agreed among
Republican leaders in the House and
Senate that there is to be passed dur-
ing this session of Congress a public
building bill, carrying such appropri-
ations for public-building construction
wherever such projects are meritorious.
This decision will greatly increase the
chances for an appropriation for a Los
Angeles public building, because this
project certainly will be considered as
among the most meritorious of any now
before Congress. It also makes it al-
most certain that there will be an ap-
propriation for a new public building
at Fresno.

LEASE OF GRAZING LANDS.
ADVOCATED BY CALIFORNIANS.
BY DIRECT WIRE TO THE TIMES.
WASHINGTON, Jan. 26.—(Exclusive
Dispatch.) F. C. Task of Chico, Cal.,
president of the California Cattle and
Horse Raisers' Association, and Col. John F. Irish of
San Francisco, have come to Wash-
ington to urge that Congress pass a
bill authorizing the Interior Depart-
ment to lease grazing lands within the
public domain to private parties. Such
a bill has been pending before the
last two Congresses, and it seems fairly
likely that it will be passed at this ses-
sion.

SARATOGA WIN IN POOR BASEBALL GAME.

WERE LUCKY IN MAKING HITS WHEN NEEDED.

Levy Found Waddell Rather Easy but Could Not Win on Account of Their Blunders--Fair-sized Crowd of Fans Saw It All.

The Saratogas turned the tables on the Levys yesterday at the Chutes grounds, and beat them handsily by a score of 9 to 6, in a game that bristled with both hits and errors. Waddell was in the box for the Saratogas and pitched fairly good ball, fanning out seven men. Each team made ten hits, but the Levys lost because they piled up a total of eight errors.

Stiefeld played third base for the Levys, and although he knocked the ball over the fence for a home run, he made two errors by making three errors out of eight chances. Haymer at short field, also had two blunders charged to him, and fielded at first as many as two.

With the exception of two mistakes by Adams, the Saratogas played fairly steady game, and hit the ball at the right time to get runs.

The score was as follows:

LEWIS							
		AB	R	H	E	P	O A E
Humphill, H.	5	1	0	0	3	0
Stiefeld, B.	5	2	1	0	1	0
Wooten, J.	5	1	0	0	0	0

Orange, San Bernardino and Riverside Counties.

[NEWS REPORTS FROM TIMES CORRESPONDENTS.]

ORANGE COUNTY.

BASEBALL AT SANTA ANA.
SANTA ANA, Jan. 26.—There was an interesting game of baseball here this afternoon between the Orange county team and the Colton club, notwithstanding the fact that the visitors did not succeed in getting into the game to any appreciable extent during the entire nine innings. The locals made five circuits of the bases the first time up, and the second inning they added three more runs. Then in the sixth they added two more, and still another in the eighth, making a total of eleven runs, while the visitors failed to reach the home plate during the full nine innings.

The Colton team had a shiny-faced little scamp for a shortstop, who afforded large chunks of merriment for the crowd by his joshing and coaching on the line. The little fellow is known in Colton as "Dunn," but here he went by the name "Shim," and "Black Beauty." The club were composed with the following players: Colton—Capt. T. W. Wilson, Coach, Fred Mallett, Second Base, Mallett, C. Mallett, A. Mallett, First Base, Mallett, C. Mallett, A. Mallett, Pitcher, Mallett, C. Mallett, A. Mallett, Catcher, Mallett, C. Mallett, A. Mallett, Outfield, Mallett, C. Mallett, A. Mallett.

SANTA ANA BREVITIES.
SANTA ANA, Jan. 26.—There was a game of baseball here this afternoon between the Orange county team and the Colton club, notwithstanding the fact that the visitors did not succeed in getting into the game to any appreciable extent during the entire nine innings. The locals made five circuits of the bases the first time up, and the second inning they added three more runs. Then in the sixth they added two more, and still another in the eighth, making a total of eleven runs, while the visitors failed to reach the home plate during the full nine innings.

ANAHIM.
ANAHIM, Jan. 26.—Now that the annual election of directors of the water company has been disposed of, the various places to be filled are discussed by the stockholders. As to the presidency, the six candidates are: Crowther, who is elected, and up to today no director has announced himself as a candidate for the responsible position. The latter named place is a very responsible position. This ranch is managed and owned jointly with the Santa Ana Valley Irrigation Company. The property was purchased some time ago for \$100,000 to obtain the water rights on the large and to stop litigation. At the annual meeting, as was predicted by The Times a few days ago, the election was unanimous. The resolution to limit the stockholders to five shares each was defeated, though by a close vote. As stockholders were about to demand a second vote on the question of the resolution, the election was called off.

WAR ON CODLINS.
LOMPOC, Jan. 26.—Municipal Commissioner Clark is making preparations to eradicate the codlin moth from the few apple orchards which are infested with this pest. The state department of agriculture has been notified of the situation. The codlin moth is one of the most destructive pests of the apple orchard. It is a small, brown, moth-like insect which lays its eggs on the leaves of the apple tree. The eggs hatch into caterpillars which bore into the fruit and cause it to rot.

ARMY OF VACCINATION CHARGES EAST BOSTON.
BOSTON, Jan. 26.—[Exclusive Dispatch.] Between 10 o'clock a.m. and 5 o'clock p.m. the entire population of East Boston bared its left arms to inspection or operation by physicians with vaccine virus. Every inhabitant of Noddle Island, as the section is locally known, who could not show a comparatively recent vaccination scar was compelled to submit to inoculation and when the doctors quit work they counted up and found they had vaccinated more than fifteen thousand persons. This is the world's record for such an event.

GOODCHILD'S MYSTERY.
Thompson, Mont. Business Man Takes His Dog and Gun and Disappears—Probably Perished.
BUTTE, (Mont.) Jan. 26.—A special to the Miner from Thompson says the mystery of the strange disappearance of E. A. Goodchild, one of Montana's prominent citizens and a big mill man of Thompson, remains unsolved. W. R. Lindemann, his partner in the milling business, has had a party of ten men on day wages engaged in the search, but thus far they have met with no success.

KILLED BY SALOON-KEEPER.
CINCINNATI (O.) Jan. 26.—August Stagg died today from the effects of a blow administered by a saloon-keeper. Stagg was a well-known figure in the city. He was killed by a saloon-keeper who was angry with him. The saloon-keeper was charged with manslaughter.

OPPORTUNITY FOR HANNA.
The Senator Can Try His Hand at Settling Labor Disputes by Operating in Coal Field.

SANTA BARBARA.
DEATH OF A PIONEER.
SANTA BARBARA, Jan. 26.—Edward Barry Bates, 92, city died yesterday afternoon at his residence of pneumonia. Mr. Bates had been a resident of Santa Barbara for many years and was well and favorably known. He was over 77 years of age. He came to California at first in 1856 with the gold seekers, crossing the plains and returning two years later by way of the isthmus. In 1876 he returned, and had resided in this county since. He engaged in farming and fruit culture until recently, when he moved to the city.

RIVERSIDE.
STORM PASSED EAST.
RIVERSIDE, Jan. 26.—A north wind set in early last evening, scattering the clouds and effectually ending the storm, during which 1.52 inches of rain fell in Riverside. There is an unusually heavy fall of snow on the mountains, the whole range being covered, presenting a beautiful spectacle.

SANTA BARBARA BREVITIES.
The sale of tickets for the Nordic concert yesterday to be given in the opera-house Wednesday evening, was the largest in the history of this city. The concert was given by the Nordic Chorus, a group of Scandinavian singers. The tickets were sold very quickly.

THE TIMES MIDWINTER NUMBER.

ANAHIM.
ANAHIM, Jan. 26.—Now that the annual election of directors of the water company has been disposed of, the various places to be filled are discussed by the stockholders. As to the presidency, the six candidates are: Crowther, who is elected, and up to today no director has announced himself as a candidate for the responsible position. The latter named place is a very responsible position. This ranch is managed and owned jointly with the Santa Ana Valley Irrigation Company. The property was purchased some time ago for \$100,000 to obtain the water rights on the large and to stop litigation. At the annual meeting, as was predicted by The Times a few days ago, the election was unanimous. The resolution to limit the stockholders to five shares each was defeated, though by a close vote. As stockholders were about to demand a second vote on the question of the resolution, the election was called off.

WAR ON CODLINS.
LOMPOC, Jan. 26.—Municipal Commissioner Clark is making preparations to eradicate the codlin moth from the few apple orchards which are infested with this pest. The state department of agriculture has been notified of the situation. The codlin moth is one of the most destructive pests of the apple orchard. It is a small, brown, moth-like insect which lays its eggs on the leaves of the apple tree. The eggs hatch into caterpillars which bore into the fruit and cause it to rot.

ARMY OF VACCINATION CHARGES EAST BOSTON.
BOSTON, Jan. 26.—[Exclusive Dispatch.] Between 10 o'clock a.m. and 5 o'clock p.m. the entire population of East Boston bared its left arms to inspection or operation by physicians with vaccine virus. Every inhabitant of Noddle Island, as the section is locally known, who could not show a comparatively recent vaccination scar was compelled to submit to inoculation and when the doctors quit work they counted up and found they had vaccinated more than fifteen thousand persons. This is the world's record for such an event.

GOODCHILD'S MYSTERY.
Thompson, Mont. Business Man Takes His Dog and Gun and Disappears—Probably Perished.
BUTTE, (Mont.) Jan. 26.—A special to the Miner from Thompson says the mystery of the strange disappearance of E. A. Goodchild, one of Montana's prominent citizens and a big mill man of Thompson, remains unsolved. W. R. Lindemann, his partner in the milling business, has had a party of ten men on day wages engaged in the search, but thus far they have met with no success.

KILLED BY SALOON-KEEPER.
CINCINNATI (O.) Jan. 26.—August Stagg died today from the effects of a blow administered by a saloon-keeper. Stagg was a well-known figure in the city. He was killed by a saloon-keeper who was angry with him. The saloon-keeper was charged with manslaughter.

OPPORTUNITY FOR HANNA.
The Senator Can Try His Hand at Settling Labor Disputes by Operating in Coal Field.

SANTA BARBARA.
DEATH OF A PIONEER.
SANTA BARBARA, Jan. 26.—Edward Barry Bates, 92, city died yesterday afternoon at his residence of pneumonia. Mr. Bates had been a resident of Santa Barbara for many years and was well and favorably known. He was over 77 years of age. He came to California at first in 1856 with the gold seekers, crossing the plains and returning two years later by way of the isthmus. In 1876 he returned, and had resided in this county since. He engaged in farming and fruit culture until recently, when he moved to the city.

RIVERSIDE.
STORM PASSED EAST.
RIVERSIDE, Jan. 26.—A north wind set in early last evening, scattering the clouds and effectually ending the storm, during which 1.52 inches of rain fell in Riverside. There is an unusually heavy fall of snow on the mountains, the whole range being covered, presenting a beautiful spectacle.

SANTA BARBARA BREVITIES.
The sale of tickets for the Nordic concert yesterday to be given in the opera-house Wednesday evening, was the largest in the history of this city. The concert was given by the Nordic Chorus, a group of Scandinavian singers. The tickets were sold very quickly.
